

# Central Government Real Estate Agency

The Central Government Real Estate Agency has a clear goal: to meet the increasing demand of our clients. Whether it concerns new construction, maintenance and sustainability of buildings, nature management, or area development, together we want to achieve more in a faster way.

## Our real estate portfolio

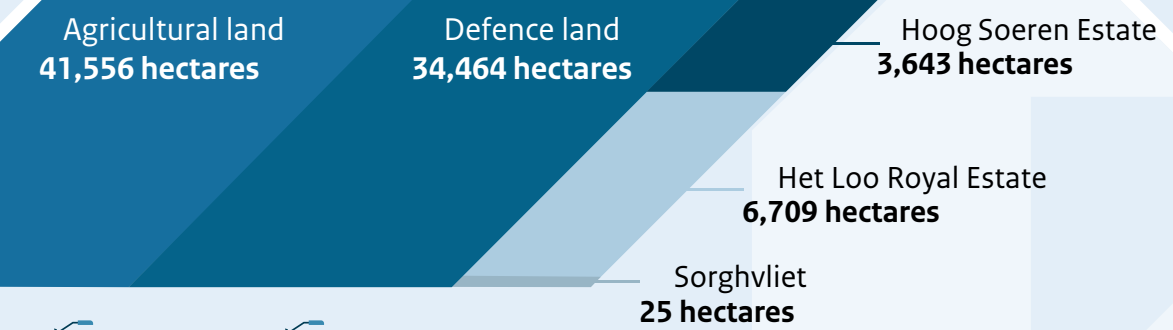

The buildings in the Agency's portfolio total more than 11.5 million square metres and are located throughout the Netherlands and the Caribbean.

Workplaces for 150,000 central government employees

## Land

We maintain and manage various types of land, from agricultural land to woodland.

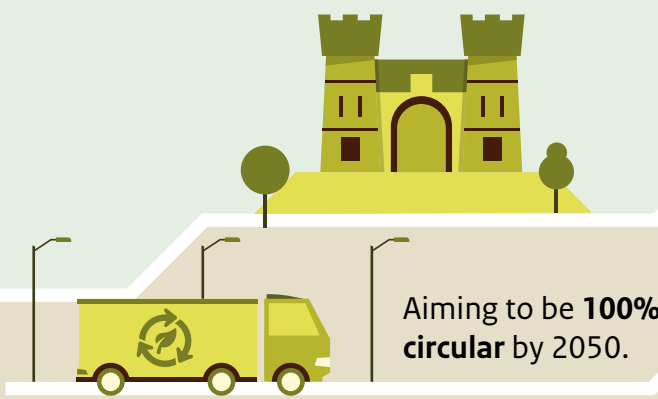

## Sustainable development

We are making sure that our portfolio is future proof.

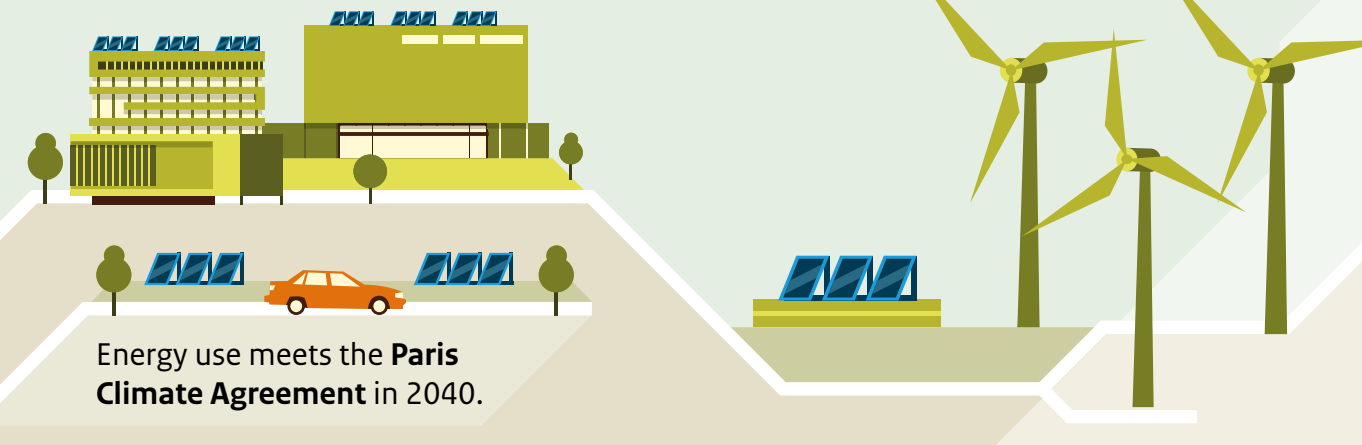

## Innovation

We're using innovations and pilots to help us find more sustainable ways of working.

## Energy security

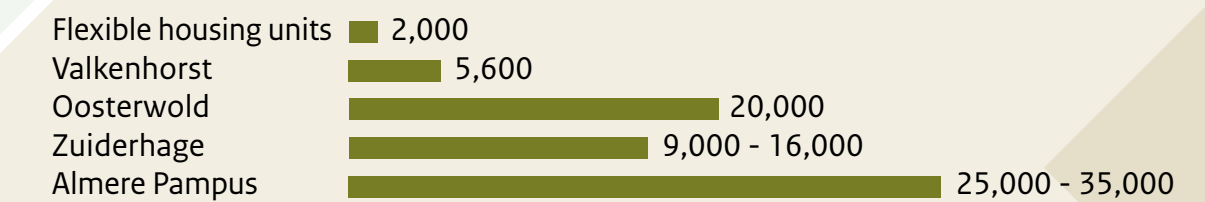

We save as much as possible, generate our own energy, and connect to local renewable energy sources.

## For a better Netherlands

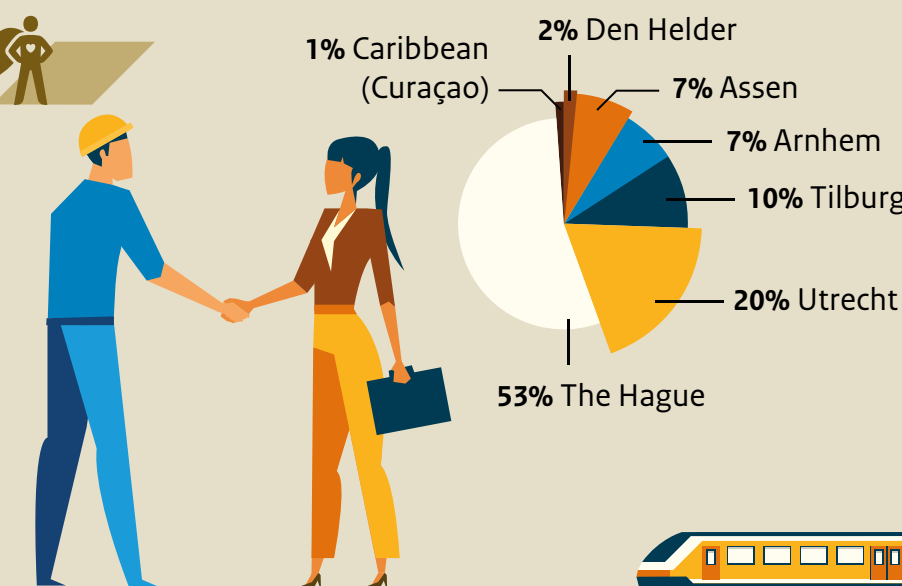

We're using our land and buildings for housing, accommodation for priority groups, clean energy, sustainable farming and new nature areas.

### We're contributing to the development of new housing

## Our people

Our 3,000 staff, based throughout the Netherlands, bring a high level of expertise and professionalism to the organisation.

## Cooperating with partners

We are the biggest contracting authority in the real estate sector, working together with our users and with businesses, market players and public authorities.

Each year the Agency awards around **2.2 billion euros** in contracts.

## Safety

We work with partners who make safety their top priority. Just like us.
